Kensington Street, Chippendale

FraserStudios Performing Arts Residencies 2010

FRASERSTUDIOS

FraserStudios; a not for profit arts facility produced and managed by Queen Street Studio.

CALL FOR PROPOSALS: **FRASERSTUDIOS PERFORMING ARTS RESIDENCY PROGRAM 2010**

In 2008 Frasers Property introduced a new initiative to make creative use of otherwise vacant warehouse space in the old Kent Brewery development site on Broadway. From September 2008, three warehouses at 10-14 Kensington Street, Chippendale have been temporarily transformed into a multidisciplinary art space, managed and produced by **Queen Street Studio**.

As part of this initiative **Queen Street Studio** is offering a Performing Arts Residency Program that will offer **FREE workspace in STUDIO 14** for Sydney-based performing artists from **February 2010 to November 2010**. The residencies will vary from one-week to four-weeks in length, with 10 residencies in total.

The aim of the residency program is to support artistic development and expression through a diversity of performing art practises. The residencies will be open to professional artists and groups (emerging or established) encompassing a diverse range of practises and outcomes. All artists must come from NSW and priority will be given to local performing artists (defined as inner-city Sydney). The program takes a very broad view of the term 'performing arts' and may include, but is not limited to, dance, theatre, digital arts, inter-arts and voice.

In 2010 the Performing Arts Residency program will be offering successful applications a small stipend of \$500 per week to help with the overall cost of the artist/s expenses while in the space. For example, this stipend could assist with travel costs, equipment hire and admin costs etc. It is not a wage.

Please Note:

This stipend **WILL NOT** be given to projects that are funded.

Call for Proposals are currently open for:
